A DISPATCH from the British government to the New Zealand government, dated Nov. 1, states that it had been decided to reduce the rate of letter postage to and from the Colonies to two and a half pence for each half ounce, thus adopting the Postal Union rate. It will now be in order for the Hawaiian government to arrange for a corresponding reduction on letters to and from the Colonies.

The census commissioner at Washington has published a statement to the effect that, in the clerical work of compiling the census statistics, he has found women better fitted and more expert for such service than men. He says that the average number of persons counted by his female clerks was 9,500 families, or 47,950 individuals, while the average number counted by his male clerks was only 6,587 families, or 32,935 individuals. In other words, the women did fifty per cent more work than the men for the same money. If we are not mistaken, this is the verdict in most cases where women and men come in competition in clerical statistical work.

ABOUT FOREIGN CONGRATULATIONS.

The Free Traders of Great Britain, says the San Francisco Bulletin, are rejoicing that the recent elections in America have been adverse to the Republican Admin-

istration. In their view the case has gone against Protection. During the next two years there will be good occasion to modify this opinion. The present tariff was outlined by the Republicans in the last Presidential canvass. The issue was squarely made and the Republicans won. There could be no time when the latter could suffer some reverses with so little permanent effect as now. There can be no legislation adverse to the present tariff by the next Congress without the consent of the party now in power. There is every prospect that the system of Protection now in force, will remain intact for many years. In the meantime, the practical working of it is far more likely to gain friends than to lose them. There is just now small occasion for the Free Traders of Europe to send over congratulations. The system of Protection is not dead. All that can be truthfully said is that the reaction which usually comes against the party in power at about the mid-term of its administration has come in this instance. There is no time when it could come and have so little significance. There is the usual sea-saw of politics. The return wave two years hence may be stronger than that which carried the present Administration into power.

The Republican organization has lost none of its strength. It suffered a temporary defeat when Cleveland was elected. But it rallied and carried the country four years later. It will rally again, getting rid of all bickerings and all divisions. Nor does the defeat of McKinley signify that the country has pronounced against the present Tariff. Long before the present law was enacted his district was gerrymandered by his political opponents as to make it next to impossible to overcome the adverse majority of 2,000 or more. But the fact that he made a gallant fight and came near winning, overcoming or changing the political opinions of hundreds in his district who had been arrayed against him, is to be taken into account. Had his old district remained for him there is no doubt that he would have been re-elected. There was far more significance in the defeat of Morrison, the author of one Tariff bill which contributed to the defeat of Cleveland. Morrison was unable to win in his old district, that had not been subjected to the gerrymandering process.

Andrew Carnegie, who is reported as reviewing the situation, takes this view of the result: "I want to say that it is simply a case of history repeating itself. There was never yet a triumphant party that did not feel the effect of a reverse during the middle of its success. Politics are simply a combination of reactions. They come in cycles of two years and fortunate is the party that gets the benefit of the reaction that comes in years when it counts as a sea-saw; and you can easily see how. I would prefer to be on the side that is down when the bump comes." That is just about all the significance that can fairly be attached to the recent reverses of the Republican party. The reaction in the other direction will be about as sure as was the one which is just now inviting foreign congratulations.

PERSONAL MENTION.

Hon. H. A. Widemann leaves on the Australia for a change of air. He returns to his island home by the same steamer.

Mrs. John Corwin, wife of the Paymaster of the U. S. S. Nipsic, will leave to-morrow to join her husband in San Francisco.

Mr. Charles Wurth, connected with one of the large San Francisco breweries, was a passenger on the barkentine S. N. Castle, intending to remain here about a month. Mr. Wurth has a number of relatives here who were pleased to see him. He comes on business and pleasure.

Hon. E. Muller is going to his home in Bremen, Germany, to be absent about a year. Last Friday night Hon. H. A. Widemann gave a farewell dinner party in his honor, and Tuesday evening Hon. C. O. Berger showed his aloha for Mr. Muller by giving him a dinner at which many of his friends were present. To-day His Majesty entertains Mr. Muller at luncheon.

Mr. A. Edgar Beard, connected with one of the banking houses in Portland, Oregon, called at this office last evening. Mr. Beard came on the bark Colima, en route to Japan, and is stopping for a couple of days at the Hawaiian Hotel. He is very much pleased with Honolulu, and sorry that he cannot remain here instead of going on to Japan, but his arrangements are all completed and prevent his so doing.

Foreign News.

A bulletin regarding the condition of Grand Duke Nicholas, the uncle of the Czar, says that since he was taken to Alupka, in Crimea, he has been subject to convulsions and loss of memory. The action of his heart is feeble. His temperature is 38 degrees centigrade and his pulse 90.

Owing to the successful completion of the St. Clair Railway tunnel the Dominion Government has been asked to assist Senator Howland's project for a tunnel across the Straits of Northumberland to Prince Edward Island. The cost of the work is estimated at seventeen millions. An English syndicate has offered to construct the tunnel if the Canadian Government guarantees 6 per cent. interest on the bonds for 100 years.

The Mexican Government has signed a contract with a French syndicate for the improvement of the harbor of San Blas, on the Pacific. The sum provided is \$500,000. Senor Varilla, late director of the Panama canal, is the director for the French syndicate, and is now on his way to Paris to complete arrangements for the immediate commencement of the work.

Sporting News.

Sanul will make an effort to beat 2:10 at the Bay District track, San Francisco, to-morrow, and Palo Alto will be sent against 3:12 while Stamboul will try to beat Nelson's stallion trotting record of 2:10.

O'Connor the oarsman says that no one but Australians have any chance in that country in aquatic.

Nelson has lowered the world's trotting stallion record of 2:10. Joe Thompson the Australian bookmaker intends to lay out a new race course in San Francisco. Slosson and Schaefer will play for the world's championship at 14-inch balk line billiards in New York in December.

McLeod has defeated McInerney again in a Graeco Roman wrestling match.

AUCTION SALE OF

Property at Pearl City

By order of the OAHU RAILWAY AND LAND CO. I will sell at Public Auction at Pearl City,

On Saturday, Nov. 29

AT 2 O'CLOCK P. M.

A limited number of those desirable

Building Lots at Pearl City.

The Company have expended \$30,000 to procure an ample supply of pure mountain water, resulting in the completion of two large Reservoirs with storage of nearly 2,000,000 gallons.

From a distributing Reservoir with a capacity of 700,000 gallons, at an elevation of 100 feet above sea level, water has been laid along Lehua Avenue to the Pearl City Depot in a 6-inch Cast Iron Pipe, from which water will be supplied by the Company at Government Rates.

The Company will bind itself in the Deeds to carry purchasers and their families and servants by rail between

Honolulu and Pearl City

At 1 cent per Mile Second Class, AND

1 1-2 cents per Mile First Class,

during a Term of 9 years from the date of purchase.

These special Rates of Fare will be transferable with the property during the term named in the Original Deed. Trains will always be run for reasonable accommodation of residents at Pearl City. Trains will leave Honolulu at 6:45 and 8:45 and reach Honolulu at 8:45 A. M. and 1:45 and 4:45 and 5:15 to 5:30 P. M. Subject, however to such changes as may be from time to time found necessary for the convenience of the public or business interests of the Company. Evening Trains will also be run whenever there is a reasonable demand.

BEAUTIFUL VIEW!

Those desiring lots where the most charming view can be had from the terraces of cottage or mansion, can obtain lots fronting on Lehua, Maile or Woodlawn Avenues; this is a most charming location for residences, as all agree who have taken the trouble to walk up Lehua Avenue above the Ewa Court House. As a health resort, a better situation cannot be found. To assist settlers, the following easy terms are offered:

One-Third in Cash,

One-Third in 3 years,

One-Third in 5 years

with interest at 7 per cent.

Thus making it possible for the most limited means, to procure a fine healthy residence. Distance is annihilated by railway communication, so that people living at Pearl City will reach Honolulu in less time than it takes to come from Waikiki by the ordinary means of travel, while the expense for a person will not be more than five cents per day greater than the present cost of travel to Waikiki by Tramway.

Now is your time to procure

Homestead and Business Lots at

PEARL CITY

At Prices lower than they can ever be bought in the future.

Don't Let Your Opportunity Slip!

If you do you will live to quote the "bind sight" saying we so often hear from people who had a chance to buy the whole of Kolo-kahua Plains for a song, but they didn't! A word to the wise is sufficient.

Maps of the Lots can be seen at the office of the Pacific Hardware Co., Hawaiian News Co., and T. G. Thrum, and at my Salesroom, Honolulu, where all further information can be obtained.
